2007: a prayer odyssey

2007 was a year of prayer. From the beginning to the end, we were called to pray. We prayed for peace, for justice, for the healing of our world. We prayed for the poor and the oppressed, for the sick and the dying. We prayed for our families and our friends, for our neighbors and our country. We prayed for the Lord to guide us and to give us strength. We prayed for the Lord to bring us to the end of our journey.

Blotting madness

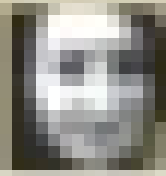

THE CONCEPT OF "blotting" is a new term in the world of business. It refers to the process of removing a company's negative public image through a combination of public relations and legal action. This is often done in response to a crisis or a scandal that has damaged the company's reputation.

Blotting is a complex and often costly process. It involves a combination of public relations and legal action. The goal is to remove the negative public image of a company and replace it with a positive one. This is often done in response to a crisis or a scandal that has damaged the company's reputation.

Thoughts about the state of the world, the state of the economy, and the state of the human condition

The world is in a state of flux. The economy is in a state of flux. The human condition is in a state of flux. This is a time of great change and uncertainty. We are living in a world that is constantly evolving and adapting to new challenges.
